

## Finish in Rajasthan-

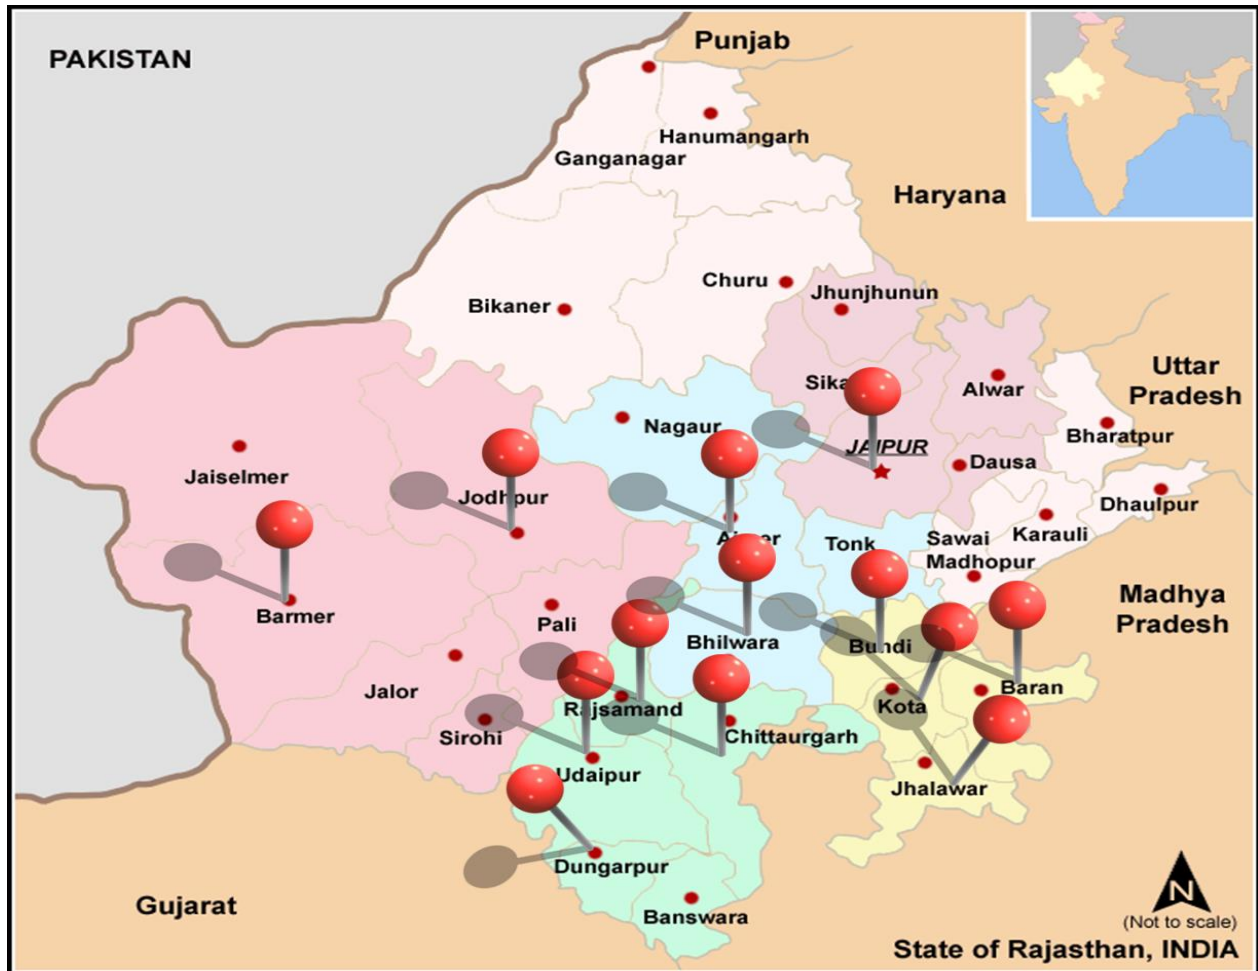

Figure 1: FINISH presence in Rajasthan

Our implementation work in State of Rajasthan with Small Pilot Project with District Administration of Jhalawar in the year 2012 – 2013 on Supply Chain Management for emphasis on self-financing options to poor families. Since then critical knowledge space of Water, Sanitation & Hygiene (WASH) has evolved into various multilateral Projects and Partnerships including State Govt. of Rajasthan, UNICEF and prominent NGOs like PEDO (Made, Dungarpur).

We have been recognized by Govt. of Rajasthan as the best Public Private Partnership approach in space of Sanitation in year 2014 within 2 years of our operations.

Our result centric approach, ability to leverage the existing schemes has positioned us cost and economical organisation in the eyes of potential players which has resulted in implementation of more than 20 different projects in Districts Like Udaipur, Dungarpur, Chittorgarh, Baran, Kota, Jhalawar, Bundi, Bhilwara, Jaipur, Ajmer, Jodhpur, Barmer and Rajsamand.

Our interventions are in the Space of Individual Household Sanitation, Water, Solid Waste Management, School Water Sanitation & Hygiene (WASH), Education and recently added Agriculture Inputs Improvements with almost 15000 Farmers in Eastern belts of Rajasthan.

In Rajasthan Finish society is an Active Participant of various State level working groups which are Championing the cause of WASH and Waste Management like - Directorate of SBM, GOR and National Green Tribunal, Rajasthan.

We have organised Advocacy based workshops in State with help of organisations like Indian Sanitation Coalition (ISC) and UNICEF to bring the issues of Field at Forefront.

Under SWM Space we have been actively engaged in District of Udaipur, Dungarpur and Jhalawar to bring SHG based Models on income generation where tools like revolving fund, Enterprise creation and Capacity building around local Plastics recycling and Sorting is being introduced with Female workers of marginal background and Rag picking community.

With this new strategy we have achieved Sustainable income for 100 women in these 3 districts with scale in near future we are targeting around 500 More women workers for same.

Our models, linkages with Financial institutions is helping us to gain momentum and attention from authorities who are looking for self-sustenance as key in future.

Repeat Assignments from Corporates Like DCM SRIRAM, PwC Foundation, JK TYRES, CAIRN OIL and Gas (a vertical of Vedanta Ltd), ITC Agri Business Division and Mission Sunehra Kal, CARE is testimony to our Quality Delivery and result Orientation.
