Ensuring sustainable WASH across 10 states impacting 8 million rural people
VISION
To impact health and living standards of communities inclusively and sustainably.

MISSION
To assess, evaluate, design and implement sustainable solutions in WASH (water, sanitation & hygiene), health, solid & liquid waste management and education for improved quality of life.

STORY OF EVOLUTION

FINISH Society registered in 2010 as an offspring of FINISH Programme - Dutch funded Public Private Partnership

2009-10
Focus was to facilitate in constructing individual household sanitation. Started working directly with the Government.

2010-12
Started taking up sanitation hardware projects with Government. UNICEF was one of our first donors. Focus was mostly hardware part of sanitation.

2012-14
Moved towards software component of WASH like BCC, Trainings, Technical & Knowledge. Added more CSR partners. FINISH Programme ended target over achieved. >.06 M

2014-16
Diversified from sanitation into School WASH, SWM, LWM, Health, Capacity Building, Knowledge & Research Repeat projects, expanded geographies with CSR partners Presence in 10 states

2016-18
Expanding partnerships - sustaining on local grants Piloting Sanitation Impact Bond Increased outreach in sanitation > 1 M New areas: Water & Agriculture New Program: FINISH Mondial Target 3 M people by 2025

INR 4.2 M (FY 2011-12)
INR 110 M (FY 2019-20)
WASH in Communities

- **54,98,415** People reached for awareness on safe sanitation
- **39%** Amount leveraged from MFIs/FIs for toilet construction
- **48%** Amount leveraged from Government subsidy for toilet construction
- **12%** Client contribution
- **1%** CSR contribution

WASH in Schools

- **1,50,000** Children trained on Hand washing practices
- **26,899** Adolescent girls trained on MHM
- **5,575** Schools upgraded to child friendly WASH infrastructure

Solid Waste Management

- **67,066** Families practicing waste segregation
- **80%** Average Source segregation across all projects
- **200** Green workers mostly women gained livelihood at material recovery centre

Liquid Waste Management

- **7 MLD** Sewage treatment plant to be set up in Sembakkam lake Chennai
- **50 KLD** Plants set up in 2 lakes of Dungarpur, Rajasthan
- Promoting constructed wetland technology for grey and black water treatment

Training & Capacity Building

- **20,000** Swachhagrahis and masons trained on safe sanitation technology
- **300** Trainings conducted in Bihar and Rajasthan
- Key resource center under MoDW&S, GOI

Knowledge Management & Research

- **Nudges for Rural Sanitation in Bihar** To Promote Latrine Use in 2000 families
- **Sustainability Assessment** Retrofits for Usage, Technology and Functionality of Toilets in 3500 families in Rural Bihar

Health & Nutrition

- **30,000** People reached for awareness on health and nutrition
- **500** People treated for Anemia, BP, Sugar, Malnutrition
- **350** People linked to Government schemes on health and nutrition

Agriculture

- **15,500** Acres of farming land covered for best agriculture practices in Rajasthan
- **3,500** Farmers trained on wheat development programme & integrated nutrient management
- **882** Farmers adopted improved agricultural practices
GOVERNING BOARD

Mr. Sadanand Bhave, 1st Secretary, FS, (ex IAS)

Mr. Arun Ramanathan Member, (ex IAS)

Mr. A. Sahasranaman 1st Chairperson, FS, (ex IAS)

Mr. Vijay Athreye, Co-Founder, FINISH Programme

Mr. Theo Brouwers, MD, ACTIAM

Mr. Gopalakrishna, Treasurer, FS & Former CGM NABARD

Mr. Valentin Post, Co-Founder, FINISH Programme

Mr. Abhijit Banerji Director, FS

Mr. Saurabh Agnihotri, COO, FS

Mr. N K Perumal Chairman, RDO Trust

Ms. Britta Augsburg Associate Director, IFS, London

Ms. Sarbani Bhattacharya Chair, Supervisory Board, FINISH Mondial

Mr. Mukul Jaiswal MD, Cashpor

Ms. Santwana Sneha, Head M&E, FS
Geographical reach- 50 Districts/10 states.

Expertise in knowledge management, research and advocacy

Financial Inclusion- reaching 1 Lakh people

Agriculture- impacting 1 Lakh farmers

Reach 2 Lakh families for new toilets, retrofitting and bathrooms

Sustainable solid waste management for 2.5 Lakh families

Climate-smart solutions for water management for 3 Lakh families

Impact 3 Lakh children under WASH & Life Skills

Benefit 4 Lakh families under faecal sludge management

---

**OUR BELIEVERS**

**Diversified Partnership Framework**

- Strategic partners - WASTE, WSSCC, Aqua for All, Amref, Take-a-Stake, Water.org.
- Implementation partners – Cashpor, BWDC, Gram Uthhan, RDO Trust
